Authentication

User

Add Address

POST /users/addresses

Authentication

User

Update Address

PUT /users/addresses/:id

Authentication

User

Delete Address

DELETE /users/addresses/:id

Authentication

User

Book APIs

Get All Books

GET /books

Authentication

Public

Supports

- Search
- Pagination
- Category Filter
- Price Filter
- Rating Filter
- Sorting

Get Featured Books

GET /books/featured

Authentication

Public

Get New Arrivals

GET /books/new-arrivals

Authentication

Public

Get Best Sellers

GET /books/best-sellers

Authentication

Public

Get Single Book

GET /books/:id

Authentication

Public

Search Books

GET /books/search

Authentication

Public

Query Parameters

- keyword
- category
- author
- minPrice
- maxPrice
- rating

Category APIs

Get Categories

GET /categories

Public

Get Category Books

GET /categories/:id/books

Public

Cart APIs

Get Cart

GET /cart

Authentication

User

Add Item

POST /cart

Authentication

User

Update Quantity

PUT /cart/:bookId

Authentication

User

Remove Item

DELETE /cart/:bookId

Authentication

User

Clear Cart

DELETE /cart

Authentication

User

Wishlist APIs

Get Wishlist

GET /wishlist

Authentication

User

Add Book

POST /wishlist

Authentication

User

Remove Book

DELETE /wishlist/:bookId

Authentication

User

Order APIs

Place Order

POST /orders

Authentication

User

Get User Orders

GET /orders

Authentication

User

Get Order Details

GET /orders/:id

Authentication

User

Cancel Order

PUT /orders/:id/cancel

Authentication

User

Review APIs

Add Review

POST /reviews

Authentication

User

Update Review

PUT /reviews/:id

Authentication

User

Delete Review

DELETE /reviews/:id

Authentication

User

Get Book Reviews

GET /reviews/book/:bookId

Public

Admin APIs

All routes require:

Authentication

Admin

Dashboard

GET /admin/dashboard

Books

POST /admin/books
